

Date: _____

Day: _____

Topic: Despite its urgency, climate crisis remains the most neglected cause

1- Introduction

Thesis Statement: There is no denying the fact that the issue of climate change is being neglected at global level. Consequently, the Earth is getting disrupted with every passing day, and every walk of life is bearing the brunt of climate change. However, the problems of climate change can be mitigated with some doable measures.

2- Why Climate Change is Being Neglected Despite its Urgency

3- Factors Behind the Negligence of Climate Crisis

- a) Lack of International Political Will
- b) Non-Binding Agreements / Protocols on Climate Change
- c) Dependency on Hydro-carbons
- d) Race of Nuclear Proliferation
- e) Geographical Disparity

Date: _____

Day: _____

f) Lack of Awareness

4- Factors ^{that} demonstrates the Urgency of Climate Crisis

a) Rising Temperature

b) Rise in Melting of Glaciers

c) Sea Level Rise

d) Air Contamination

e) Wildfires

f) Environmental Refugee

5- How the Menace of Climate Crisis can be Mitigated

a) Promoting the Adoption of Renewable Energy Sources

Case Study: Denmark

b) Implementing Energy-Efficient Practices

Case Study: "1200 Building" Program by Australia

c) ~~Sub~~ Promoting Public Transportation, Cycling, and Walking
Case Study: Netherlands

Date: _____

Day: _____

d) Forest Conservation and Reforestation
Case Study: Costa Rica
