

Q Describe China-Taiwan Conflict and the concern of US.

Answer 1- Introduction

"Taiwan was the part of China, is part of China and will be part of China."

(- Xi Jinping)

China-Taiwan conflict is unresolved. In fact, China claimed rule over Taiwan and has supported its policy - 'China's One Policy' over Taiwan in the world. However, the US has interested its concerns in Taiwan. Hence, China-Taiwan conflict is unresolved today.

2- Geography of Taiwan and its economy

China is a liberal

democratic country":

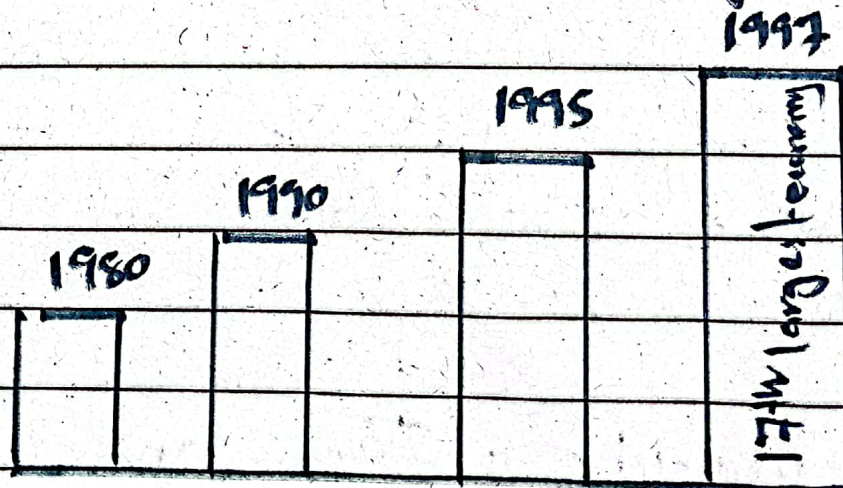

(- Al-Jazeera, 2020)

Taiwan is a democratic country. In fact, Taiwan is situated near the East China Sea, above Central China Sea. Moreover, Taiwan is the largest economy today.

"Taiwan is the 17th largest economy of the world since

1997."

(- Xi Jinping)

(Economic Survey - 2000)

Therefore, Taiwan is geographically and economically important.

3. Strait of Taiwan: the economic and the strategic competition between China and the US

" Strait of Taiwan is significantly important for global trade."
(- ENN - Global Trade, 2020)

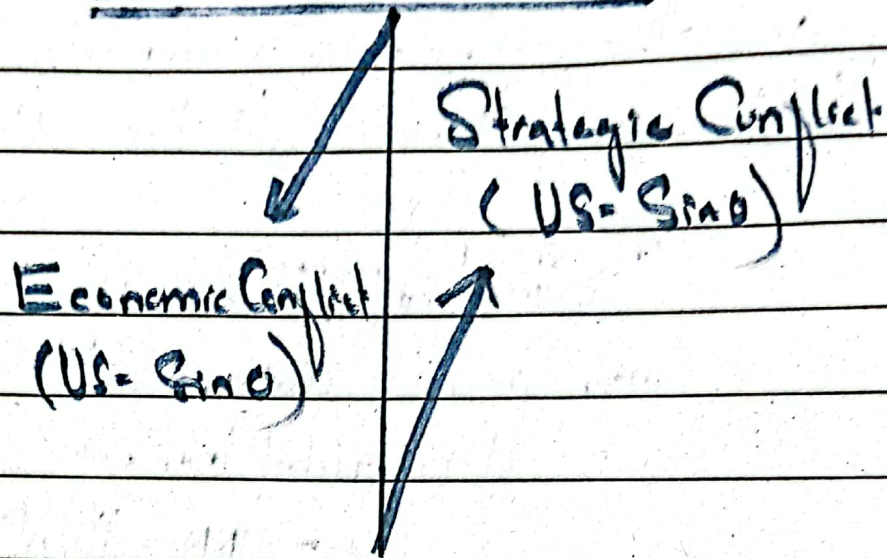

Strait of Taiwan is an important source of global trade. Strategic and economic tug of war between China and the US is prevailing in Strait of Taiwan.

" Both the US and China have militarized Strait of Taiwan for their economic concerns."

(- Al Jazeera, 2022)

Therefore, Strait of Taiwan is in strategic and economic tug of war between China and the

US.

4- 'One China Policy': China's policy for Taiwan

China has recently two main concerns over Taiwan. Following are two concerns:

1) Taiwan as a part of Chinese territory

Taiwan is part of China, according to Xi-Jinping. In fact, China claimed its historic territorial concerns over Taiwan.

"In 1971, the United Nations accepted China's 'one policy'."

(- Mumin Akram)

Therefore, China has claimed over Taiwan territory.

b) China's political and economic systems: the challenge to Taiwan.

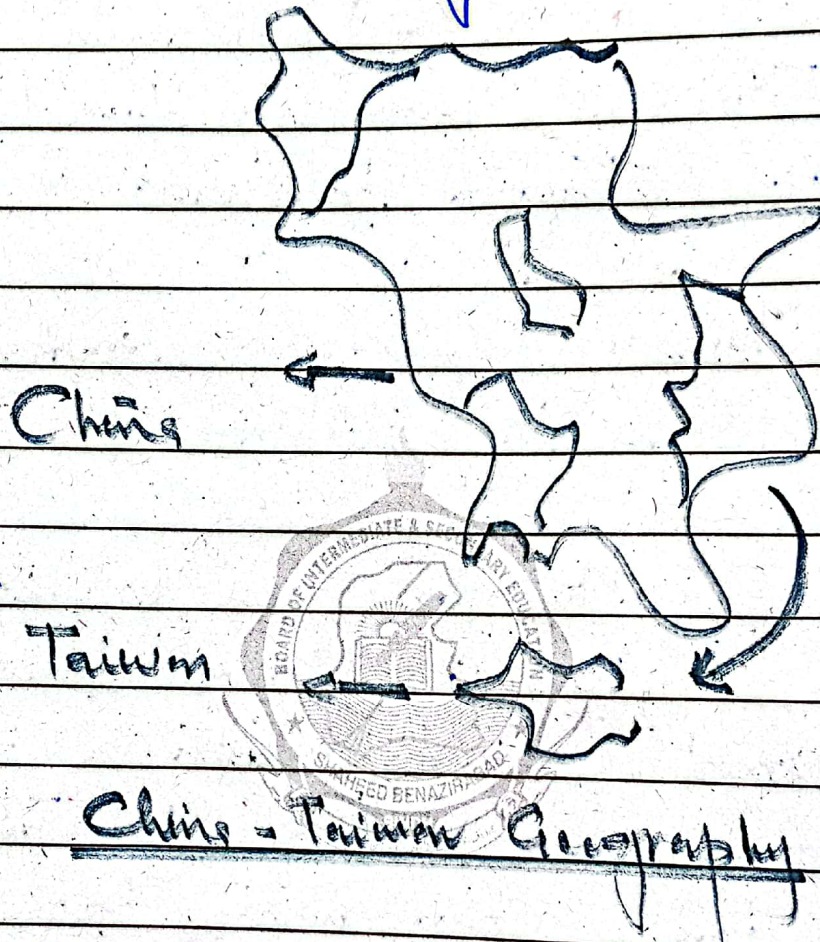

Moreover, with the rise of Xi-Jinping's China's economic and political system is become a challenge to Taiwan.

In fact, China wants to shift Taiwan as communism model.

"Taiwan can be capitalism structurally as China, but physically and culturally it would be communist."

(Xi-Jinping)

Therefore, China's economic and political system is a challenge to Taiwan system.

5- The US concern over Taiwan and China - Taiwan conflict

Following are main concerns of US over Taiwan:

a) Exhibition of Taiwan as

member of NATO

US defended Taiwan
against China - In fact, US-
China conflict led to support
for Taiwan.

"In 1949, the US declared
Taiwan as a non-NATO
alliance."

(- The US Secretary, 1950)

Therefore, the US defend Taiwan
against China.

b) Shift in policy: regularly with
Taiwan relations

Moreover, US strengthened
its relations with Taiwan. In fact
US heavily encouraged Taiwan

Trump administration
open information technology
department in Taiwan.

(- Al. Jaseer, 2018)

Moreover, the US did its

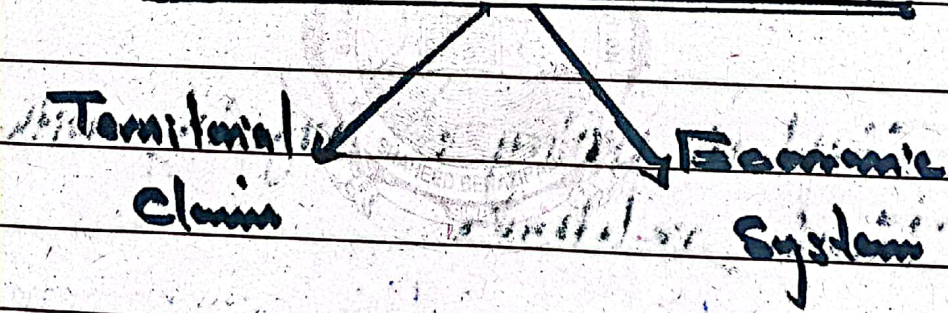

import and export with Taiwan.

"Almost \$3 billion export is done from the US."
