Sub-heading: Nuclear challenges to world peace during the 21st century

Topic Sentence:	In the 21 st century, several Nuclear challenges have contributed to threaten world peace.
Explanatory or Reasoning Sentence:	Nuclear proliferation increases the risk of accidental or intentional use of nuclear weapons.
Sp 1	The risk such arms will be used is higher today than any other time since Cold war.
Example	The Russian Federation's recent announcement of plans to station non-strategic nuclear weapons represent the first "nuclear-sharing". In the context of that country's war aggression against Ukraine, it is "a clear and irresponsible threat". (UN, Meetings Coverage and Press-Release, 2023)
Sp 2	Nuclear-armed states continues to engage in an arms race seeking to modernize their nuclear arsenals. This competition can escalate tensions and trigger security dilemma where one state's attempt to enhance its security is perceived as a threat by others, leading to further nuclear buildups.
Example	Nuclear arms control and disarmament diplomacy had suffered major setbacks of Ukraine invasion in February 2022.
Concluding point	Lack of disarments, cybersecurity threats, Regional Tension and Conflicts increases risks for nuclear infrastructure of a country. Thus, it is a challenge to overcome the risks, in order to maintain world Peace
