Current century is century of Knowledge/Education. Through education our cultural and moral development is attached.

The countries which ~~are~~ have progressed in field of education are dominating over the world/globe. And the nations which lag behind in this race, are forced to spend miserable lives. We need to inculcate education in our personal and national life.

موجودہ صدی علم کی صدی ہے۔ علم کے حصول میں سے ہماری تہذیبی، اخلاقی اور مادی ترقی وابستہ ہے۔ جو اقوام علم کے میدان میں آگے ہیں وہ دنیا پر حکمرانی کر رہی ہیں۔ اور جو قومیں اس دوڑ میں پیچھے رہ گئی ہیں وہ کسمپرسی کی زندگی گزارنے پر مجبور ہیں۔ ہمیں چاہیے کہ علم کے حصول کو اپنی ذاتی اور قومی زندگی کا محور بنائیں۔

Title: Manto's Literary Writing Style

Manto was a sufferer of harsh realities of life. People critique that he lacks morality in his writing. Despite criticism, he stood firm in his work and kept writing on the harsh realities of life. Although, for some people his writing is not appealing because it seems offensive to them. According to Freud, Manto's writing style was not covert rather it was overt, which is why it seems offensive. However, Manto's writing style had a strength to develop rapport with lower and middle class readers, because his writing covers the bitter realities of lower and middle class people. And he clearly identified the restlessness among people ^{of this class} as Manto himself experienced the bitter truths in his own life.
