## Hurdles to doing business in Pakistan

The business industries consider as the backbone of economic stability and prosperity of any country. It requires favorable environment to flourish well. Unfortunately, certain hurdles in Pakistan faced by businesses sector paralyzes their growth. One of the significant obstacle is political instability. As, it put adverse effect on economic certainty, business planning, investments as well as it bring changes in business policies, increases taxation, raise energy cost and increases rates of raw materials. For instance, decline is witness in textile sector in May, 2023 to \$ 1.32 bn from 1.64 bn, which is approximately 19.57 pc (Pakistan Bureau of statistics report)
