Nato welcomes Ukraine : moving towards major conflict between USA and Russia.

Nato leaders welcomes Ukraine in organization with increasing the threat of direct conflict between USA and Russia. The core purpose of Russian invasion of Ukraine is directly links with Ukraine's closeness with USA led Nato. For Russia, regional "balance of power" will be disturbed with the addition of Ukraine in Nato as Russia feels threatened with involvement of USA in neighbourhood.

"If Ukraine is admitted into the USA led Nato military alliance, then the conflict in Ukraine would be guaranteed to escalate into world war Three." (Russian Security Council official)

Therefore, Ukraine entrance in Nato moves the world into disastrous conflict between USA and Russia.
