

Home work #02:-

Sub-Heading: Nuclear challenge to world peace during the 21st century.

Topic Sentence

Introduction: Nuclear weapons is a challenge to world peace in the 21st century.

Reason: In order to achieve their national interest and reduce security threats, improve defence system, the hunger to be a nuclear power has increased ^{among} in the or countries.

Supporting Point: Nine major countries of the world possess nuclear weapons. while other countries are aspiring to develop nuclear weapons. ^{reference?}

Evidence: In total, the global nuclear stockpile is about 13,000 weapons. while that number is lower than it was during the cold war - when there were roughly 60,000 weapons world wide, but it does not reduce threat to world peace in 21st century. (ucsuca.org) ^{why?} (Nuclear weapons worldwide)

Conclusion:- This growing new arms race
is raising the risk of nuclear
war and a challenge to
world peace. ✓

the reason sentence is about countries
aspiring for nuclear tech while other parts
of para are about number of nukes in the
world; stick to one
