"Nizal Hassan's documentaries on Palestine"

Indent the paragraph.

Nizal Hassan, a Palestinian film-maker, produced two important documentaries, "Independence" and "My Grandfather's path" on Palestine. In "Independence" Nizal Hassan criticized the Israeli's ^{Israeli's / Israeli} concept of 'Independence' as according to him, Israel regarded the acts of snatching other people's land as independence. On the other hand, in his new documentary "My Grandfather's path" he shed light on the fact that ^{one should select one's} ~~select~~ ^{enemy} you enemy carefully as you will eventually become like them. The same will happen with Palestinians. Seeing the violence and use of armed forces at the hand of Israel will ^{compel} them to resort to violence. Through this masterpiece Nizal Hassan wants to prevent Palestinians

from falling into that trap.
