

ACADEMIC PARAGRAPH STRUCTURE

(Sub-heading: Negative affects of Social Media on Youth)

Topic Sentence	Social Media is affecting youth negatively.
Explanatory or Reasoning sentence	It is a platform where youth is targeted by cyberbullying with abusive languages, harassment and public humiliation that creates psychological impact on youth like emotional distress, low self-esteem, depression and anxiety.
Supporting Point (1)	Psychological theory of social learning suggests that individual learns by observing others. After watching videos of cyberbullying on others, it impacts himself and causes emotional damage.
Example (1)	It is seen that 29.7% of youth is being bullied since 2007 and its ratio has increased by 15% since 2022. The one fifth of those is due social media.
SP 2 (optional)	→ Reference.
Ex 2 (to be written if SP2 is given)	
Concluding Sentence	This shows that social media has affected negatively by cyberbullying youth and in result, it damages youth emotionally.
