

replace the 1st line  
and write more clearer in meaning

## ~~How To Build~~ Good Relations.

Human are facing an ideal ideological  
Change. They try to build relations  
with other people, but in this  
process they decrease their own  
value. There is no fruit without

roots. It is the principle of victory  
that private victory always comes  
first. It is necessary for good relation  
one must be capable and well discipline  
for this one may need to control  
on himself. Independence is an  
attainment but interrelationship  
is by choice. Good human relation  
need independence. Good human  
relationship is build inside human  
if one become independent he organize  
the priorities in his life freely, and  
then choose interdependence then is  
also able to build good relation  
-ship with other.
