Sub-heading: Negative effects of Social media on youth.

Topic Sentence

Social media can have negative impacts on youth, as it can lead to addiction and less productivity.

Explanatory Sentence

Social media platforms are designed to be engaging and addictive, making it easy for youth to spend hours scrolling through feeds and consuming content. *mindlessly*

Supporting Sentence

This can lead to a lack of focus and less productivity, as well as a loss of valuable time that could be spent on more meaningful activities.

Example

→ For instance, a study found that young people who spend hours on social media are considered as addictive and more likely to have less productivity.
