"The Power of Human Mind"

"I think therefore I am" is what shapes human conscious to take steps beyond his ^{its} mental capacity. History is a witness to all the incredible deeds that few men did which changed the course of history. From the invention of vaccine in medicine, telephone in communication, electricity in industry and homes to aeroplanes in aviation, ^{man} men has materialized every wish ~~once~~ ^{man} thought ~~impossible~~ ^{imagination}. It is reasonable to say that ^{man} men will continue realizing every dream limitlessly. Therefore, ^{man's} men's curiosity followed by his resolute determination will enable him to achieve ~~yet~~ unachievable dreams.

'man' also refers to humanity but 'men' refers to plural male. only
