Topic: Despite its urgency, climate crisis remains the most neglected cause

## 1- Introduction

Thesis Statement: There is no denying the fact that the issue of climate change is being neglected at global level. Consequently, the Earth is getting disrupted with every passing day, and every walk of life is bearing the brunt of climate change. However, the problems of climate change can be mitigated with some doable measures.

make the thesis

4) Lack of Awareness

that

4- Factors demonstrates the Urgency of Climate Crisis

Merge some subpoints or couple more

a) Rising Temperature

b) Rise in Melting of Glaciers ✓

c) Sea Level Rise

use ✓ as well such

d) Air Contamination

e) Wildfires

Frequent and deadly

f) Environmental Refugee

spelling mistake

as write complete statements

5- How the Menace of Climate Crisis can be Mitigated

urgent measures to mitigate climate crisis

a) Promoting the Adoption of Renewable Energy Sources

(Case Study: Denmark) → no need to mention here

b) Implementing Energy-Efficient Practices → clarify or make subpoints ↓

(Case Study: "200 Building" Program by Australia)

c) ~~Sub~~ Promoting Public Transportation, Cycling, and Walking ✓  
~~case study: Netherlands~~
