

~~China : an expansionist.~~

China's expansionist approach makes ~~bring~~ it one step closer to creating a new world order. China is focusing on "expansionist approach" with the use of ~~hard power~~ as well as soft power in almost every region of the world. China, a military and an economic might, ~~claimed~~ regained its territory ~~of~~ ⁱⁿ "Ladakh" with the use of military but at the same time, it used economic influence to capture the "Hambantota Sea port" of Srilanka. "Two hundred years ago, Napoleon Bonaparte famously remarked that, "China is a sleeping giant." Let her sleep for when she wakes up, she will move the world." Undoubtedly, China is awake now and moving the New world order belongs to China. World to expand itself further. (110 words)
