

Q: Is Peace possible in a world full of weapons?

* Introduction:-

It is not enough to win a war; it is more important to organize the peace (Aristotle). This line may be applied to the situation of peace in the world through different matter as weaponization. The producing and increasing of weapons have two angles peace and conflict in the globe. Arms and weapons are source of preventing conflicts and disputes. Under strict actions and policy by country to maintain peace in the globe. The weapons are used for ensuring peace in the world, and it used to stop war in the world. In addition, arms are used for controlling violence and conflicts, and it used for deterrence. However, weaponization are used for destruction of hygmoni, different terroristies and masses in the globe. In the conclusion, under strict policies have been adopted to control weapons, destruction such as NPT treaty, United nation Security Council and proliferation treaty to control negative impact on masses.
