

Difference b/w Gender and ~~sex~~ women studies.

Introduction

The word 'sex' and 'Gender' can be used interchangeably. Gender is considered as the difference b/w women and men by their sexual part but gender considers all types of aspects such as male, female, gays, lesbians and queer or any other. And women studies only involves problems related to women.

Differences

Exo There are many

person right.

2- Only women Vs. all Genders:

Women studies only talks about one gender and considers that only women are unhappy in the world but do not talk about other genders rights. In the comparison gender studies talks about women rights and also the other gender rights. And try to solve the problems for all the genders.

3- Patriarchy Vs. Social Construction:

Gender study is a social construction studies because it can stand for the rights of all the genders in the society. It wants that ~~to~~ to be treated all genders equally. But women studies only talks about women and that's why it is patriarchy.

4. Solely on women and every Aspects:

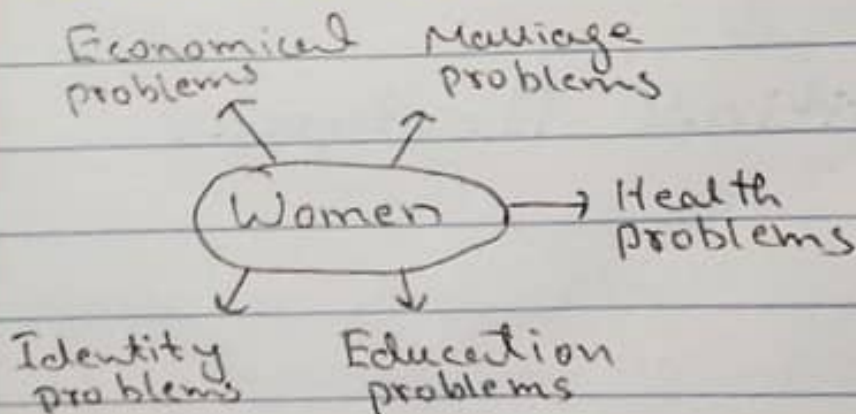

Women studies only solely on women they only view or studies about cases of women. Whenever gender studies talks about all the genders in the society. from every aspects.

5- 2nd wave Vs 3rd wave:

In 2nd wave the world only talks about the difficulties that women can face in their lives when ever in the 3rd waves talks about the difficulties that can be faced by all the genders.

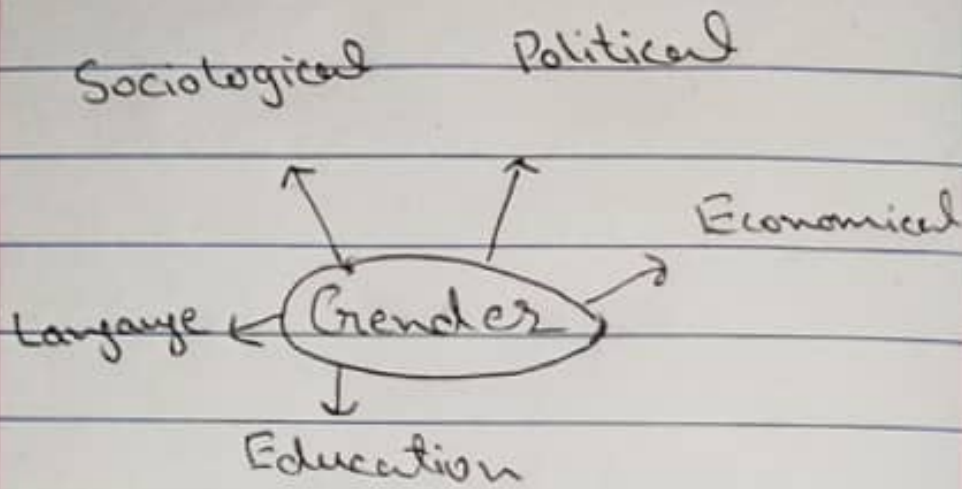

Pictorial Representation of Women and Gender studies

Women Studies

In women studies you can find the solution of these problems.

Gender Studies

In Gender studies the person who is not male or female faces many problems and overview that how to solve such problems.

Critical Analysis:

⇒ Gender studies is broader than women studies.

⇒ Gender studies can overtake ~~the~~ women studies.

⇒ Gender studies ~~become~~ takes place of women studies in Universities.

Conclusion:

In the conclusion it is said that our society need to studying the course like gender studies because the other gender in the world are also human. And now the women studies become unpopular ~~is~~ against ~~the~~ gender studies.

perspectives to differ b/w
genders and women studies
but most important are
given below:

I- Narrow Vs Broader concept:

Women studies only
involves women related
problems that they face
from the society about
their educational issues
about their violence or.
But @ gender studies
talks about all the
genders that are live
in this world in some
countries like Pakistan to
transform gender is societal
crime so gender studies
tells them it's the
