## Outline Practice

Topic: Population Growth Really a Tickling Bomb for Pakistan

### Outline

#### 1. Introduction

**Thesis statement:** The population growth is a serious challenge for Pakistan. There are numerous reasons; unutilized population is a economic burden for state, reduced supply to demand ratio, a bane for national development, limited resources, opportunities results in brain drain. However, there are a positive aspects as well; population generates human resource, increase remittances and serve in emergency situation.
