

Sub-Heading: - "out of date syllabus, and revival after a long period"

⇒ out of date syllabus, and its ^{revival} after a long time period is another cause of ^{failure of} education system in Pakistan. Good and upto date education is a bridge linking developing nation to developed ones. In case of Pakistan it is ignored since decades. Out dated syllabus can impact the societal needs, lack of critical thinking and problem solving skills, lack of innovation, disconnection from global standards, lowering of employment opportunities etc. Out dated syllabus make it difficult for students to compete on global scale and also effecting the economy of Pakistan. Syllabus of major subjects: English, Biology, Chemistry, Physics, and Urdu based on 2006 National Curriculum; while, of Pakistan Studies on 2000. Budget 2023-24, placed PKR 97bn for education, while PKR 157bn for NHA (Communication). This is visible from budget allocation on education that how much state is serious about education in the Country. Out dated syllabus impact the development of country both at national and global level.
