

Price hike in Pakistan: The worst of all worries

In current economic situation in Pakistan devastated the living standard of the people and peoples are living hand to mouth because of the massive price hike, which contribute to inflation in Pakistan. There is also a political instability which is also a biggest cause of economic instability. Government should take measures to improve the living standards of the peoples by controlling the inflation through monetary and fiscal measures. It is the need of the hour to control it.

Because it will create the economic chaos if it continues as it is - In the future Pakistan will bear its bad consequences, so it should be resolve through all possible means.
