Topic # 1 : An Opportunity for Growth  
# 2 : Importance of Knowledge

Freedom in education is derived through three school of thoughts which are partially different from each other. The Author says that he can't agree with this school which states that education ~~should~~ should only offer a platform where development of childrens take place and have no positive purpose. He says that it is an individual or an ideal thought which is not possible in our community. If education can be viewed positively, it must be positive and gives mental and moral tool to childrens.
