The benefit of cold weather is more apparent in the Northern European. In hot weather, there is motive of struggle and energy but in cold weather, we loose hope in facing obstacles which has great impact on our lives. In cold weather, hardship comes to sustain life but not impossible, a person can live their life without any danger of health. If he trenched and shaped the trees for the supply of fuel, and save their lives to wore warm clothes and or to inflame fire instead of passing their ^{lives} ~~life~~ instead ^{in the} of tree shadow of trees and some need of vegetable and fruits for health safe life.

Because of some social inconsiderateness Manto was considered hypocrite, mental obtused, due to his writing. In His writing he employed all the bleak realities of life in a very clear manner, which was vulgar to some conservative nationalist. He clearly discuss the sex problems, which was worried for socially disabled and depressed classes of society. According to Manto the man character is not like a devil nor angel but blw both of them. Because of this people consider him vulgar and like Joyce, Lawrence and Cadwell, the men and women also feel anxiety in Manto's work.
