

SH = Negative effects of social media on youth

Name: Amna Gram

Batch: PMS003ISb

PMS (Pb) Paragraph structure

Sentence 1 (Topic Sentence)	The excessive use of social media is imparting certain psychological anomalies to young minds. ✓
Sentence 2 (Significance of the issue)	The issue is getting attention as youth is falling prey to mental illnesses which were never before. <small>Should be relevant to the topic. Explain the topic sentence more here</small>
Sentence 3 (Supporting point 1)	One of the prominent psychological interventions is weak attention span in students. ✓ <small>wrong use of word</small>
Sentence 4 (Example of SP 1)	A research conducted on two groups of students by American social surveys (2020) revealed that one group of students with mobile phones were distracted in writing test than the other that has not. <small>Make it specific to social media not just mobile phones</small>
Sentence 5 (Supporting point 2)	Furthermore, weak attention span leads to procrastination that disturbs studies and sleep cycle. <small>this is effect of weak attention span not social media</small>
Sentence 6 (Example of SP 2)	John Bruce writes in his book (The Man of Today) that social media apps are cheap sources of dopamine. people become addicted and turned a deaf ear to their clock's sound. <small>Not relevant to the argument this is related to addiction of social media not lack of attention</small>

No. of words: _____
