} similar

Conclusion

Neglect of enhancing intellectual ability in our education system
Sub-heading: ~~choice of a~~ ^{choosing a} wrong career path
Lack of career counseling in education system

Topic Sentence: Choice of a wrong career path is one of the reasons of neglecting intellectual ability in our education system.

Explanatory / Reasoning: Mostly, students, after choosing their fields realize that ~~this~~ ^{it} is not what they ^{were} suppose to do in their life and that this is not their passion.

Supporting point 1: Hence, when they lose interest in whatever subject they opt for in their graduation, they feel distracted and ^{do not} employ their intellectual ability in that subject. ^A

Example 1

According to studies, 80% most of engineers after choosing wrong fields, switch to soft fields like H.R, business communication etc. ^{Source?}

Concluding:

Hence, choice of a wrong career path ~~can~~ ^{or} creates hurdles for a student to use his intellect properly. ^{her}

Reason: The education system has no proper mechanism to gauge intellectual inclination of pupils
