Topic: Mobile phones a pest or a blessing

Thesis Statement

REFINE THESIS

Mobile phones has eased the lives in today's world and is a bension.

KEEP PRACTISING

Similarly, mobile phone paved the way for sms/videocalls and applications that connect with other world instantly.

However, the counter effects of Mobile-phones can easily be minimized by restricting the usage, strict Parenting and installing the applications that calculate the time spend on smart phone's apps.

Topic: Global warming ②

Thesis Statement

Global warming is a reality which is happening everywhere. Global warming refers to shifts in temperature and weather patterns. These shifts due to human activities increased the level of CO_2 , CFCs and other gases. Despite ~~the~~ taking kinetic moves, it is still threatening to the world. However, more pragmatic steps should be taken to grapple with this issue.
