From the moment we are born, we cannot be alone; we stand in constant need of support from all around us, body & soul & spirit; we need clothes that other men make; Houses, which other men build, food, which other men produce; we earn our living by working for others, others earn their living by working for us.

As children we need our Parents to be our Comforters & take care of others; we cannot live a day without our Peers; we need teachers to educate; books & masters to teach us trades; And when we learn it & settle ourselves in life, we need laws made by other men who died hundred of years before we were born, to secure for us our rights & Property; to secure our comfort in our station; And we need friends to comfort us in our sorrows & share our joys.
