

## Real Islamization in Pakistan

Pakistan is the only country in the globe which got its birth on the basis of a religion, Islam. Therefore, numerous efforts were sincerely made to establish Islamic system in the country with firm and formidable foundation. In spite of all initial strivings, the real Islamization process commenced in 1977, during the reign of Zia. During this era and onwards, a number of ordinances were issued, such as Haddud ordinance, Qadaf ordinance, Zakat and Usher ordinance, the Sanctity of Ramadan ordinance and Ban on Nudity ordinance. Moreover, Federal Shariat Board was established to solve the issue of people in the light of Quran and Hadith. Thus, Islamization in Pakistan was not merely a mouth-words, but rather a real phenomenon.
