

Topic : Cracking the mystery of CSS exam

The journey of the preparation of CSS examination is a mystery creating abundant of unemployed youth, perplexed failures and hopelessness annually.

Either forced by their parents or pressurized by their society, aspirants prepare themselves - whole heartedly yet undirected for the CSS examination. Hence, the approach of unguided hardworks lead them ^{nothing but} to a miserable failure that left them with ^{nothing but} hopelessness and wasted 5-6 years of life. Now the mystery of cracking this examination lies in the reason of why this exam happens annually. Basically, FPSC targets competent aspirants ~~annually~~ for the bureaucracy of Pakistan. Definitely, becoming a beauracrate is not in ^{our} hands, but becoming competent is. FPSC has designed its syllabus in a manner that only competent can survive. Hence, one must be able to endure the restlessness, pain of restlessness, tight schedules and anxiety. Hence, conclusively, this is the reason that most of the candidates are unable to clear FPSC's exam the most competitive examination that is why, if someone wants qualify for the CSS examination one should work on one's overall lifestyle.
