If he is not biasing by world, If your eyes are filled with water in fear of Allah. If hell imagination creates a fear of Allah in you, If you are obeying Allah just like that, that it must be, If virtue biasing you and stoping you from the way of sins, then you are a virtuous.

Some people are virtuous and some are pretending to be. To be a virtuous is a sign of luck. To become a virtuous, it is a continuous process of self purification.
