If he is not biasing by world, if your eyes are filled with tears by fear of Allah. if imagination of hell creates a fear of Allah in you. If you are obeying Allah just like the way that it must be, if virtue biases you and stoping you from the way of sin, then you are a virtuous.

Some people are virtuous and some are pretending to be. To be a virtuous is a sign of luck. To become a virtuous, it is a continuous process of self-purification.
