Ans 1-

Introduction

"The US-Afghan war gave birth to TTP in Pakistan."
(- Media expertise)

TTP is rising threat to Pakistan's security. In fact, resurgence of TTP after 'Taliban government' in Afghanistan is become a serious dilemma. Moreover, various techniques of attacks of TTP are surprising. Hence, Pakistan needs to take remedial measures.

against rising terrorism

TTP - rising threat to
Pakistan's security

"This is end of
the history."

(- Fukuyama)

According to ~~Fukuyama~~,
the US ~~attack~~ on
Afghanistan became
end. Unfortunately,
it is not ended.

As per report,
Pakistan launched a
successful operation
against terrorism,
"Zarb-e-Azab" in
2014. (~~Pakistani~~
think tanks). Despite
resurgence of TTP
is a threat to
Pakistan.

3 - Resurgence of TTP -

power of taliban govern- ment in Afghanistan

Resurgence of TTP rose by power of taliban government in following ways:

a) Release of prisoners

Afghan government released a number of prisoners. As per media, ~~7000~~ 7000 prisoners were released, among which ⁽¹⁵¹⁻²⁰²³⁾ 1200 were TTP members. Therefore, resurgence of TTP took place.

b) TTP and TTA having the same ideology

TTP and TTA having the same ideology against the US and US-led NATO. TTP and TTA consider ✓ as a 'jihad'. (Pakistanis think tanks on ARY, 2023). Hence, Terrorism rose.

c) TTP found safe havens in Afghanistan

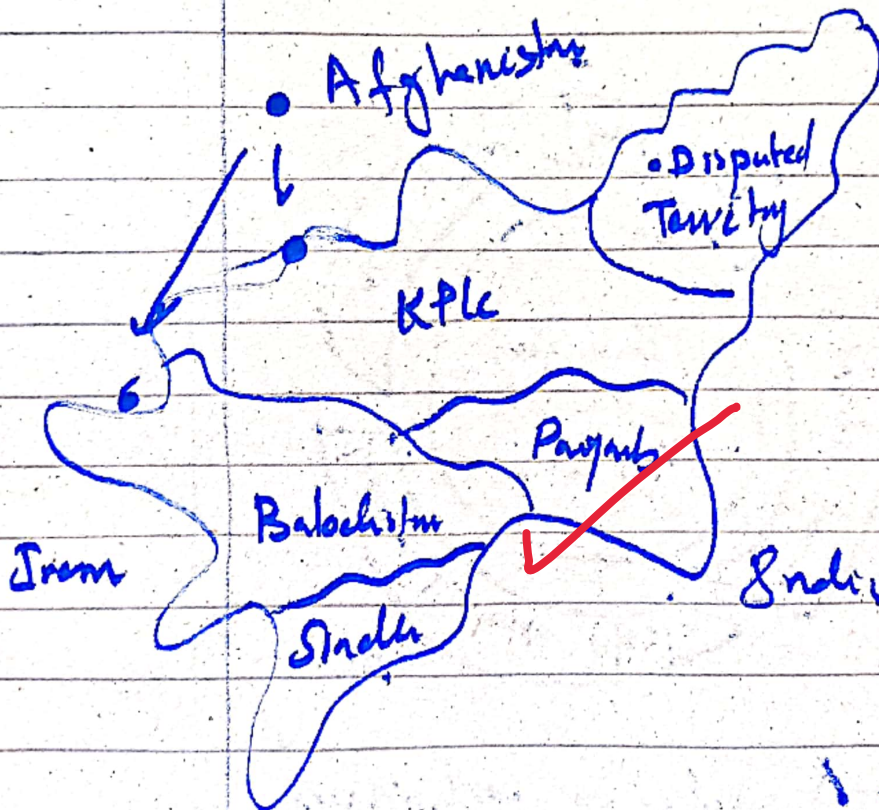

TTP found a safe place in Afghanistan. As per reports, 'Paktiya and Paktika' became ✓ a safe house for TTP rise. (Pakistan's security council, 2023). Thus, TTP became strong.

d) TTP's greeting to

TTA as victory of.

Islam

TTP greeted TTA as a victory of Islamic world. This made TTP's ties strong with TTA. Hence, it made TTP strong than before.

Techniques of attacks

"Guerrilla warfare is the most common technique of attacks"

(~ Tehrik Jihad Pakistan)

Following is the chart representation of techniques of attacks:

• A circle of techniques of Guerrilla

2) Agha Khan

d) Agha Khan "welcome"

a)

Hide, hit and run

The main technique is hide, hit and run.

Numerous attacks in North - Waziristan, South Waziristan and Khyber Pakhtunkhwa. (ISPR Report, 2013) - Hence, hide, hit, and run is threat of TTP's base.

b)

IED - blast

IED-blast is very threat to merged districts. As per report, IED blasts in Dasu and Df Khan rose threat.

(Pakistan's think tanks / ~~volunteers~~).

Hence, IED blast is another technique of attacks.

c) Suicide bomb attacks

It is the most dangerous technique of attacks. In 2014 the deadliest attack in Army Public School Peshawar is a clear incident (ESPR - Report, 2014). Therefore, TTP has several dangerous attacks of techniques.

5-

Measures to tackle

rising wave of terrorism

Following measures must be adopted.

9)

Intelligence-based

operations

Pakistan needs to

measure it by intelligence-based operations. About 34 terrorists were killed in intelligence-based operations. (ISPR - intelligence operation in Balochistan, 2023). Hence, Pakistan joins an intelligence-operation.

b)

Empower LEAs

Pakistan must empower LEAs. As per report, about 3 terrorists were killed in anti-militant operations (Anti-militant operation, 2023). Therefore, Pakistan empower LEAs.
