Secondly, woman ^{have} revolutionized the field of teaching. Most of the primary education is dependent on woman teaching. Research shows that woman can teach more conceptually than men at primary level. Hence it proved that woman is not frailty creature.

Reference?

thirdly, women play their role in literature. A lot of books were written by women. Many of them explored the flaws of society in their writing. In this way, they acted as ~~a~~ reformers of ~~a~~ society. Virginia Woolf, J.K. Rowling, Humera Ahmad are names to be mentioned in this regard. These women writers proved that woman is a strong creature on ~~the~~ earth.

Umaira?

Physically, emotionally or intellectually?

Fourthly, Politics is the highest platform of a country, where women are serving beside men. Many women have been the head of state. For example, Indira Gandhi served as the ~~and~~ Prime minister of India. Furthermore Benazir became the prime minister of Pakistan

Bhutto

twice. In fact, there are a lot of states where women served as a head of state. Therefore, it is proved that women is not frailty.

Fifthly, women also played their role in the field of science. Even many women explored new things in science. For example Marie Curie discovered two new chemical elements, radium and polonium. Hence it proved that women is not frailty.

Sixthly, in the field of noble prize women proved that she is not weaker than men.

Many women got noble prize. For example, Maria Curie has been honoured twice with the noble prize in physics in 1903 and in chemistry in 1911. It shows that women is not a frailty creature.

Seventhly, judiciary is also a field where women is serving. Judiciary is one of the important organs of a state government. Its highest appellate court is Supreme Court. In fact, women

Work on spellings, handwriting and paper presentation

that woman is not a frailty creature.

Even she is playing their role equally to man.

The above discussions also highlighted that the achievement of women in literature,

politics, public and in many other

field. However, there are still some societal

barriers. If these barriers are overcome, she

can do more than now. Furthermore, she

would be a game changer of any nation. As,

Napoleon once said, "Give me an educated mother I will give you educated nation."
