Subject: Importance of moral education  
in schools

Sir,

I am writing to express my deep  
concern regarding <sup>the</sup> importance of moral  
education in schools. Moral values are  
given fundamental importance in our  
society. It would not be wrong to  
say that morality is <sup>the</sup> soul of our society.

Few years back, moral education was a fundamental part of school education. It was not only widely included in syllabi but teachers were <sup>separately</sup> ~~seperatly~~ committed to moral values.

Now a days, the conditions have changed. The education has become all about cramming and getting marks. In this situation, it appears that future generations will be deprived of moral values.

Therefore,

It is significant that moral education should be included in syllabus, and there should be primary focus on it. So that, our future generations equipped with moral values can prosper with fast pace along with having kind heart and sympathy towards other people.

Thank you for your attention to this

matter.

Yours truly,

X.Y.Z.
