

Bizarre Advertisements and Viewers Reaction

TV commercials are always criticized due to their ^{unreal} content from their viewers. Sometimes, these commercials are showing very hypothetical situations of a footballer and working man that are beyond the acceptance. Moreover, these advertisements are ~~showing~~ presenting opposite gender friendship in a very normal way and sometimes displaying the insecurities of housewives. By such ways, no one admires these promotions. Of sometime one admires something in these stuffs, it is only the producer of product. But frequently, these commercials are seen just for fun.

Science: A Counterclaim to Superstitions Unfounded beliefs And Scientific World: Two Counterclaim

Superstitions are still exist in many parts of world. There are many examples of such beliefs like some are link with moon and some with barking of dog. But in world of research and techniques these kinds of beliefs have no place. Science demands for facts and figures and here these ignorant thoughts fail. The other story to these beliefs is that, it may amuse a ill-mind person but not a acumen, who believe, in facts not on myths.
