Hell on Earth

Recently, A United Nations has described the Palestinian region as a 'hell on earth'. The main reason is Israel massacre in Gaza. They not only killed innocent people but they also destroyed many hospital in South Gaza, such as Alshifa and AlQuds hospital. One month ago, the Al Ahli hospital was hit, and around five hundred innocent people were died there. The war on Gazan hospitals still continues. As per report of NDTV world, At least six premature babies have died due to power shortage at Alshifa hospital, and therefore World Health Organization's chief has indicated the situation as 'dr and perilous'. To sum up, According to United Nations, Palestinian region has become 'hell on earth'.
