

Comprehension of CSS 2022

Q No 1

Ans:- The concept of Civil society refers to all places where individuals gather together to have conversations, pursue common interests and, occasionally, try to influence public opinion or public policy. It is a society where people spend their time when they are not at work or at home.

Q No 2

Ans The civil society strive towards better socialization because they value the association and look forward to participating in its activities. They do not respond to these differences by exiting the scene.

Q No 3

Ans The Social Capital is a general sense of social differences, mutual obligation, which makes society function more efficiently.

Q No 4

Answer

The civil society assume the role of a public stake holder because they try think about their shared private interest as a collective public interest and they try to make sure that this public interest is safe and secured.

Q No 5

Ans

Fearful by the way weakening state of civil society is that people are losing interest in joining association. As citizen become increasingly disconnected from voluntary associations, they will experience less trust and less social connection and which result political institution will function less efficiently.

Q No 6
