Importance of Discipline In childrens lives

According to Author educational theorists believe ~~on~~ in not interfering in children's freedom.

If you like childrens without any interest they will obey and take suggestions. Skilled teachers will need to interfere in children's lives without causing them psychological damage.

Author believes that education should not be a full-time job. This job must be performed by the people who spend less time with children.

No discipline will be resulted as irritated behaviour of young generation. Rules must

In friendly environment there must be set rules or discipline to treat naughty children.
