

Economy in Pakistan is the economy for the Rich.

## Outline

### 1- Introduction

Thesis statement: Obviously, economy in Pakistan is the economy for the rich. However, another school of thoughts disagree to it, but the given arguments are not valid to their criticisms. Therefore, it is beyond any doubt that economy in Pakistan is the economy for the rich.

### 2- Pakistan's economy for the rich: An overview

### 3- Pakistan's economy is the economy for the rich (Thesis)

- Heavy taxation system weakens the poor
- The rich enjoys luxurious-imported items
- The rich are owners of agricultural lands
- Energy is free for the rich like WAPDA members
- Surge in inflation has threatened the poor class

### 4- Pakistan's economy is not the economy for the rich (Anti-thesis)

- Taxation also paid by the rich
- Everyone in Pakistan enjoys the imported products

START FORM HERE

- c) Farmers of Pakistan also get agricultural subsidy and outcome
- d) Unprecedented energy has been stolen by the poor throughout the country
- e) Inflation has also made life of the rich harsh

## 5- Pakistan's economy is totally economy for the rich (Synthesis)
