## Palestine and Israel Conflict

### \* The attack of Hamas was unprecedented

The border crossing of Hamas into Israeli's Israeli territory was surprising, as a huge number of Hamas fighters entered into their territory via land crossing by bulldozing the border between Gaza and Israel. On the other hand many of Hamas fighters sailed through the sea to make the attack more surprising for the Israeli force.

A major chunk of the Hamas soldiers also tried to enter into Israeli land with the help of paragliding and landed successfully.

### \* A huge number of missiles were fired by the Hamas

Hamas successfully fired a massive numbers of missiles towards Israeli territory. However, the claim was made by Israel was two hundred, and similarly, the claim of Hamas was almost five thousand missiles. Despite of having, world's famous defense system named as Iron Dome, Israel could not detect almost half of the missiles. As a result, almost 13 cities of Israel were under attack.

The ground attack was numerous and surprising.

The entry of Hamas fighters was

Surprising for the world, as they had attacked on several security force location and neutralized their check post. Similarly, they choosed to Yom-Kippur day to attack the civilians. They day on which Prophet Is David along with his son defeated the natives and installed tent in Jerusalem. Additionally, Hamas attacked those specific regions which were recently captured by the Israel's army.

Politically and militarily. Indeed, it was not possible without <sup>Porting</sup> Israel as a victim of war and Hamas a terrorist group.

Not encountering Hamas plane before its execution is surprising. Despite the fact, that Egyptian based intelligence agency told them multiple times about the happening of this attack. After this attack, Israeli prime minister quickly rushed to UN Security Council and demanded from the countries a permission to attack back on Hamas as their self defence. However, the world seemed divided, as China and Russia refused to encourage this action through their veto-vote.

Israel clearly showed their intention clearly in the form of method they choosed to attack on Hamas. At first, they allowed their fighter jets for carpet bombing, second they sent their tanks for further destruction, and at third stage, they fired a number of missiles on Gaza, and at fourth stage, they sent their army. Including the fact that, Israel fired more bombs on Gaza than the US on Iraq in 2003 and on Japan in 1940s. In the same way, a number of tank was found.

In numerous confer conferences and on various social media accounts, Israeli ministers showed their intention to move palestinian-
