

Manto's Work on unveiling Social Hypocrisy

Manto challenged the absurd idea of self-righteousness that is mere a trajectory of hypocrisy deep rooted in society. However, ~~due to~~ his bold writings to unveil the stark realities of societies faced challenges set on legal and moral grounds. Despite all these **hurdles**, Manto's passion towards digging out the truth behind radical

Perspective was unstoppable. Furthermore, he explained the struggles of social classes and good and bad aspect of human nature. However, due to his analytical abilities he could easily point out the truth. Additionally, he discreetly dredged the vulgarity and pointed out the dual nature of society.
