

Economy in Pakistan is the economy for the Rich.

Outline

1- Introduction

Thesis statement: Obviously, economy in Pakistan is the economy for the rich. However, another school of thoughts disagree to it, but the given arguments are not valid to ~~validate their stance~~ their criticisms. Therefore, it is beyond any doubt that economy in Pakistan is the economy for the rich.

2- Pakistan's economy for the rich: An overview

3- Pakistan's economy is the economy for the rich (Thesis)

- Heavy taxation system weakens the poor
- The rich enjoys luxurious-imported items
- The rich has ~~Monopoly of the rich over agricultural land~~ monopoly of the rich over agricultural land
- Energy is free for the rich like WAPDA members
- Surge in inflation has threatened the poor class

Add more arguments to your stance

4- Pakistan's economy is not the economy for the rich (Anti-thesis)

- Taxation ~~also~~ taxes by the rich
- Everyone in Pakistan enjoys the imported products

START FORM HERE

- c) Farmers of Pakistan also get agricultural subsidy and outcome
- d) Unprecedented energy ~~has been stolen~~ ^{Theft} by the poor throughout the country
- e) Inflation has also made life of the rich harsh

5- Pakistan's economy is totally economy for the rich (Synthesis)

- a) Taxation affects the poor than the rich
- b) Not the poor, but the rich has ambition of imported products
- c) Major agricultural output is just for the rich of Pakistan ^{Class}
- d) The poor pays skyrocketing prices of power as compared to the rich
- e) Mainly life of the poor is in troubles due to inflation

6- Conclusion

Do not repeat the same ideas in thesis, antithesis and synthesis
Bring diversity
