"Darkness cannot drive out darkness; only light can do that Hate cannot drive out hate; only love can do that " (Martin Luther King Jr.) In this quote dankness and hate can be rejewed to the gloomy lingering cloud of confounity which has veiled the world Amidst this, instead of conforming to society's nowns and values, only non-conformity-represented by with and love-con renkindle one's relationship with one's inner-self. Conformity at the expense of individuality and felicity traps man in a vicious cycle of mundane life. This leads him to just exist and not live. Thus, life with controversy weight more than to dwose conformity Conformity must be neglected for it shatters individually, eliminates man's existence, leas to stagnant life along killing one's creativity and intellectuality. Moreover, Robert Merton's theory of Anomie illustrates the very concept of deviance. Furthermore, the literary defictions of fluott, Shaw and woolf juriller reiterales that one should never conform to brevelant seliefs. Likewise, there were famous personalités who chose to be different and shuned being a pawn in the game of conformity. These include Nietzsche, Martin Luther
