

# TV Commercial ~~Content and Viewers Reaction~~

Often TV's breaks are showing very unrealistic contents that forces people to criticize them.

rephrase this sentence

Let's take some examples like commercial of energy drink shows how energy transfer in a player and who start

scoring, a very unreal situation of manager for more some cookies and

half precise in a single sentence ??? this sentence lost his meaning and it should be written in a generic form not like example

many strange commercial of martial life are just making people hired. Embassadors

of these product are doing all this stupid things to promote product but

de facto, these are just watched as a source of laughter or as

some unavoidable disturbance
