

Do prepare atleast 5 themes based on the previous papers

I am confused about the themes which are constantly being repeated are Gender, technology, global politics, climate change and education

Should I prepare 10-15 themes of essay separately or they will be covered in compulsory and optional subjects? Should I just focus on paras writing

For more information, do join my tutorial session when a academy will arrange because Sir. said that you would have enough knowledge and utilizing that knowledge is difficult. A suggestion for me collecting material or writing practice just.
