

Ineffective OIC and the helpless
Palestinians:

Comparing OIC and
other western organizations for
their interest, the OIC (Organization
of Islamic Cooperation) has failed
to play effective role for helpless
Palestinians. The ongoing war in
the Middle East and the Israel
atrocities on innocent Palestinians.

The oppressors backed by US
and other important states of
the West has been striking the
innocent Palestinians, schools, hospitals
residents. The OIC has playing
no effective role to heal the
injuries of helpless Palestinians.

The strong and empowered Gulf
states have also paying lip
service. UNSC has passed two
convened two sessions but the
sleeping OIC is adding insult
to injuries. The OIC has not
yet been taken any step,
which is said to be playing no role
to have an step forward.
