

Manto unravel Enigma of Society

Manto faced uncertainty that move forward at one point which created lack of sensibility. His disparager tagged him as disgusted due to his bold writings. He was committed to expose rigid realities orthodox Purists. He desired to resolve enigma of society, that that deeply rooted is middle and lower middle class. In the eyes of manto, Human nature is complex not easily ^{or} categorized as entirely virtuous or wicked. He was capable to rigid support to his reader about social issues. He was well aware of wide gap between appearance and reality, different human behavior that exist in society. He has honest feeling of man's ~~not~~ lack of sensibility. Manto's work parallels that of 20th century novelists. ^{manto} - Elevated his self serious manners.
