

Topic:- Children must be taught how to think, not what to think

OUTLINE

1- Introduction

Thesis Statement:- Teaching must be revolutionized by making children think by themselves instead of spoon-feeding. Developing abstract and logical thinking among children produce more productive human beings. On the other hand, teaching 'what to think' will produce concrete thinkers which will ultimately result in a stagnant society.

~~2- How to teach children ~~the~~~~

2- How to help children learn the ways to think?

3- Individuals who learn how to think are more rational

- a- They become mentally healthy personalities
- b- Their learning is more effective and efficient
- c- They have higher tendency for self-actualization
- d- They are independent decision-makers
- e- They do not need family support at every step
- f- They do not strive for conformity and are less affected by peer pressure

4- Teaching 'how to think' produces more productive citizens for the society

- a- They are not burden for the society
- b- They usually opt for non-traditional professions
- c- They are not much affected by societal pressures
- d- They are courageous enough to break stereotypes

- a- They are less prone to religious extremism
- b- They can formulate better governance policies
- c- They are more likely to bring revolutions
- d- They can contribute to global peace

6- Impacts of teaching what to think, not how to think

- a- Children become prisoners of societal norms
- b- Children are mentally pressurized
- c- Children are unable to recognize their potentials
- d- Such individuals are not good at problem-solving

- conclusion

Topic:- Pakistani Women have same chances as Men

OUTLINE

1- Introduction

Thesis statement:- Modernization has brought a shift in Pakistani society by creating more opportunities for women. However, women are far behind men in every aspect. They are perceived as incapable to avail the same chances as men do.

2- Discrimination in Chances available for Pakistani men versus Pakistani women

3- Women in Pakistan are less privileged as compared to men (Thesis)

a- Women are always neglected while making policies

b- Women are stereotyped as bad leaders

c- Women are economically dependent on men

d- The Patriarchal society never accepts stronger roles of women

e- Women are not allowed to pursue their careers after marriage

f.

4- Pakistani women, in modern times, enjoy level-playing field (Anti-thesis)

a- Government has fixed women quotas in every sector

b- Women having leadership qualities are always prioritized

c- The increasing awareness has led to more job opportunities for women, making them financially independent

d- Education and modernization has changed patriarchal mindset in favour of women empowerment

e- Men now prefer jobian wives to share the financial pressure

5- Despite the increasing opportunities in modern times, Pakistani women dream of getting equal chances as men (synthesis)

a- Even the fixed quotas do not provide equal chances to women

b- The prejudice against women is irrespective of their talents

c- Even the working women are deprived of freedom to spend their own money

d- Excessive restrictions on women does not depict much change in patriarchal mindsets

e- The approach towards jobian wives has laid extra burden on women as their domestic responsibilities are not shared

- Conclusion
