

## Cause of terrorism — 1/1/20

Terrorism is not that much serious but it has given hype by journalists. The harm of terrorism is much lesser than the road casualties. Moreover, the rise and decline of the government is not based on the problem of terrorism but of the determinants of politics. Terrorism is not only about the terrorist anger but also their moral degeneration. Terrorism shows the moral fault and lack of ~~Self-control~~ self-control of the attackers in a community. There is not only genuine scientific investigations to know the cause of terrorism and it also denied the moral factor behind this act. However, this is the only moral which cause terrorism and moral discussion is sufficient to eliminate it.
