① Non-traditional Security ^{treats} threats in Pakistan: role violent non-state actors

Non-traditional Security threat in Specials Specials as like Pakistan
undevelopments ~~Country~~ Country:

Non-traditional Security threats in Pakistan. Specieally involving a non-state actors have been significant concern. These threats ~~that~~ include.

- 1) **Terrorism:** Now days Pakistan has faced terrorism from different kinds as like extremist groups, including the TTP which has always to point out innocent civilians, security forces, and government institutions.
- 2) **Insurgency:** The another most important threats which Pakistan has faced today. Baloch Separatist groups, such as the Balochistan Liberation Army have engaged in acts of ~~to~~ violence and insurgency in the provinces of Balochistan.
- 3) **Sectarian ~~to~~ violence:** The another treats.

which has forced out Pakistan that the
Sectarian groups like Lashkar-e-Jhangvi
have targeted religious minorities, and this
type of threats creates religious tensions
and insecurity of whole country.

Drug Trafficking: The next threat which
has engulfed Pakistan; the Afghan-Pakistan
border is a major route for drug
trafficking, leading to issues related to drug
abuse and organized crime.

~~11~~ Cyber Security

15) Cybersecurity: The Non-State actors engage
in ~~cybersecurity~~ cyberattacks which create
a lot of problems national security and economic
instability.

16) Transnational Crime: The more the further
threats which have overwhelmed Pakistan that
this Transnational Crime. Criminal networks
involved in human trafficking, smuggling, and
illegal arms trade pose a threat to national
security.

6 **Border insecurity**, This is another important threat from the non-state actor which has faced Pakistan today. That this border in security special special special from the sides of Afghan and Indian borders issue Pakistan's porous border with ~~India~~ ~~India~~ Afghanistan and India have created vulnerabilities to the movement of illegal goods, weapons, and militants.

8 **Environment**

9 **Environment**

9) **Environmental challenges:** No

Nowadays another threat that Pakistan is deep in environmental challenges as ~~well~~ as climate change, water scarcity, and natural disasters can contribute to instability, affecting the livelihoods of people.

Conclusion: Addressing these non-traditional security threats in Pakistan requires a multi-faceted approach, involving law enforcement, intelligence agencies

diplomatic efforts, and Socio-economic development initiatives. Additionally, international cooperation is important role to counteract these ~~threats~~ threats effectively.
