Title:

Impacts of Happiness and Unhappiness

The purpose of life is simply determined by the principle of pleasure. The efficiency of this pleasure is that it control the function of brain. A man feels that all rules of nature against his happiness because it was not include in the plan of man's creation. According to the rigorous thinking happiness derived from the fulfillment of needs. As a result, pleasure principle is prolonged that leads to mild happiness. In contrast, unhappiness is difficult to understand. This is because people are threatened due to fear of deaths and forces of destruction from external world ~~and~~ as well as ~~deterioration~~ deterioration of social relation that is more painful.

Translation (2017 PMS)

Education has great importance in Islam since Islam is the only religion of world that is the source of knowledge and awareness. In Islamic perspective, a person can not flourish due to separation of religion and worldly life. Just as politics can not separated from religion similarly, education and Deen are co-related. At the time of creation of Adam, Allah gave him the wealth, it was the knowledge of things. On the basis of this Hadrat Adam took superiority over angels and human declared as best of all creatures. In the first divine message that was revealed on Holy prophet to ~~is~~ also ^{clearly} signified the importance and sources of education.
