

Sub-heading: Nuclear challenge to world peace during 21st cent

Topic Sentence: Proliferation is one of many vicious challenges of Nuclear weapons to the peace of the world in 21st century.

Explanatory Sentence: In 20th century, Nuclear weapons were developed for the security of states and now, in 21st century, these weapons need the highest security measures to protect them from proliferation.

Supporting Point: To make sure the peace of the world in 21st century, the Fifth Review Conference (RevCon) of the parties to the Treaty on Non Proliferation of Nuclear Weapons (NPT) met from 7 to 26 August 2022 in New York.

Evidence: In 2019, 189 incidents were reported by 36 states, indicating that unauthorized activities and events involving nuclear and other radioactive materials, including incidents of trafficking and malicious use, continue to occur (IAEA, 2020).

CONCLUSION: This shows that how the proliferation of Nuclear weapons can pose a vicious and malicious threat to the peace of world in 21st century.
